Winter News Letter

News

We welcome Dr Amy Pickles, Dr Joyce Muhlschlegel, Rhiann and Megan.

Dr Pickles has been working for us on a locum basis but has now joined us as a Salaried GP and will be working 3 sessions a week.

Dr Joyce will be returning from maternity leave and will continue her GP training 3 days a week. Dr Joyce will be over seen by Dr Hubbard.

Rhiann is our new Receptionist/ Admin Trainee. You will probably see her on reception or speak to her on the phone when you ring in.

Megan is our new dispensary assistant and will be based at Chilcompton.

Dr Hannah Mantri has finished her locum cover but you may see her from time to time covering during holiday times.

St Chad's are also currently advertising for a Salaried GP. Further details to follow.

Flu

If you are eligible for a flu vaccination i.e. over 65 or in an at risk group and have not had your vaccination yet, there are still some available. Please contact reception who will book you an appointment.

If there are any eligible children i.e. born between 1st September 2013 and 31st August 2015 that have not had the nasal vaccination again there are still some available. Please contact reception who will book an appointment.

Please note that if your child was due to be vaccinated at school and missed the clinic, we cannot vaccinate them at the Practice. Please contact St Martin's Hospital on 01225 831500.

Samples

If you are asked to bring a urine sample to the Surgery, please can you ensure that the label on the sample bottle is correctly named and that the form is correctly filled out.

If either are not named or the form not completed the Nurse will be unable to test the sample, resulting in another trip to the surgery or a delay in treatment.

Dry January

This month's health promotion is Dry January so if any of you feel that you have over indulged during the festive period then maybe you would like to take part in the campaign. You can ditch the hangovers, lose weight, save money and generally improve your health.

If you would like to sign up please see the information posters in reception.

Contact details

As our new appointment system is a triage telephone system, please ensure that we have your correct contact details.

If you have changed your telephone number or if you have a mobile telephone number and have not informed us, then please advise us so we can update your record.

Please note that we will not be able to take prescription orders over the telephone

Patient Surveys

You may be asked by your GP to complete a Patient Survey. I understand that some of you will think that these are a waste of time but they are actually quite important. We are requested to do these surveys by the CCG/ Health Authority, so if you are given a survey form by the GP it would be very much appreciated if you could just take a few moments to complete it and return to the blue box in reception it would be much appreciated.

Make sure we have your current mobile number so, with your permission, we can text you appointment reminders
